**Alabama School Prayer Law**

**CLIP OF BEV LAHAYE**

"We believe today's decision of the Supreme Court holding that the Alabama moment of silent prayer law is unconstitutional is an act of war against this nation's religious heritage."

**ROBERTSON**

"The Supreme Court with that majority decision...says that the state has to maintain a posture of absolute neutrality on all religious matters, which has the effect almost of making atheism the religion of America."

**BOB SKOLROOD, General Counsel for the Freedom Council**

"What they have done is really excised the free exercise clause and taken the establishment clause and given it a position that was never intended by the founding fathers...They, the Supreme Court have set themselves up as God themselves."

**ROBERTSON**

"Ninety-four percent of the people in America believe in God. Six percent are atheists. Now the Supreme Court is saying to those of us who believe in God...you must dismantle what is on your coin...the pledge of allegiance...that whole thing according to this decision needs to be stricken down or the Supreme Court justices are total, absolute and abject hypocrites."

"Now there are four judges who have made a block -- three of them have on their hands the blood of 17 million aborted babies, because they were a part of Roe vs. Wade...They have stripped away the moral fiber of our nation. They have taken away our protection in relation to criminals. They have allowed hardened criminals to roam the streets because of their so-called civil libertarian views. They have stripped us of the moral protection we need in our schools. I mean these are some very serious things that these people have done. One of them is Thurgood Marshall. The other one is Justice William Brennan...Another one is Blackmun, Lewis Powell of course...They've been involved in these particular cases and of course Stevens is a later addition to the block of four."

[In Prayer]

"Father, at this very moment, we pray that the power of God Almighty might be felt in the Supreme Court and those who have set themselves on high above the Constitution, above the people, above the President, above the Congress, above the legislatures, God, that you, who are above all, might demonstrate your power to them that they might see the error of what they are doing, and God, that they might be brought themselves to the bar of your

judgment, your justice, that, indeed, we make an appeal today for the judge of all the earth to overrule the justices of the Supreme Court of the U.S....Little children are being denied the knowledge of Jesus Christ and God...are growing up in a drug infested world -- in a world filled with pornography and sensuality without the weapons they need to protect their spirits. And the Court is taking away what few weapons are left. God, our society is being terrorized by crime and these men have consistently taken away the protection we need to defend ourselves from hardened criminals. And God, 17 million babies. Their blood cries out against some of thee men on the Supreme Court. God, hear the cry of the unborn. Dead -- who have been slaughtered since the decision of the Supreme Court. Lord, hear and answer the prayer of your people. Do not delay Lord -- MOVE! and may your will be manifested in Washington and the Supreme Court of the United States."

**FALWELL**

**Mel and Norma Gabler/Censorship**

"The National Education Association says that these two persons ...are the number one enemies in America of education. So you know they're okay. For twenty years they have literally been a plague to the NEA, Norman Lear, NOW and a host of other organizations and individuals."

"Why is it so important in the state of Texas to have good uncensored stable textbooks?"

**NORMA**

"In the state of Texas, we're one of the largest purchasers of textbooks. Publishers say they would rather get the state of Texas than any other state. That's why Norman Lear's group took after us with a vengeance. I'm glad you prayed for us. They said we were through -- we were washed up...it's hard to defeat God's children, isn't it?"

**FALWELL**

"This is the book that they have just written...entitled What Are They Teaching Our Children? It's an attack of censorship on the left."

"...We have heard Mel and Norma Gabler talk about 24 years of trying to get textbooks in America and public classrooms back to real education and away from anti-moral values and back to religious heritage and back to decency."

#### OLD TIME GOSPEL HOUR 6-30-85

**FALWELL**

"All South Africans are not parroting the Soviet line. There are a few people who agree with Mr. Reagan and who agree...that the government in South Africa is doing the best it can under the circumstances to keep the land free and preventing it from becoming another Ethiopia."

"...I watched as radicals, demonstrators in the U.S...with the support and perhaps the encouragement of the national media are trying to tell us to kick another one of our friends in the teeth...namely South Africa."

**HOWARD PHILLIPS**

"South Africa is the number one target of the Soviet Union in the entire world...millions of blacks struggle to get in South Africa...because they have more economic opportunity...The battle for South Africa is just like the battle for Nicaragua."

**My Jewish Friend**

4930

"Many of you don't know Howard Phillips. I know him rather well. He's my Jewish friend."

**JIMMY SWAGGART MINISTRIES 6-23-85**

**SWAGGART**

**Mahatma Gandhi**

"...one of the most noble souls that ever lived and yet as far as we know, died without God...what might have been today instead of India steeped in Hindu heathenistic heathenism."

**Books of God**

"There are only three efforts in this world that purport to be from God...The first one is the Koran, the second one is the Book of Mormon and the third one is the Bible...The Moslems say the Koran is a revelation from God. The Mormons say that the Book of Mormon is a revelation from God and the Christians state that the Bible is a revelation from God. The revelation from God! This book that I hold in my hand right here is not only a revelation from God -- it is the only revelation from God there is today."

**Clarence Darrow**

"When that atheistic infidel by the name of Clarence Darrow, when he faced William Jennings Bryant at the Scopes Monkey Trial in Dayton, Tennessee a long time ago, and William Jennings Bryant won that trial but it took his life. He died of a broken heart after that. And that atheistic lawyer, Clarence Darrow with a sardonic laugh said, 'Well, this book is a myth, it's a pack of lies'...That poor simpleton didn't know his Bible...Poor Clarence Darrow didn't know his head from a hole in the ground."

**Catholics**

"I believe Jesus Christ was born of the Virgin Mary. Me and the Catholics are always praying for each other. But the Catholics are right when they say that Mary was a virgin. She was a virgin!...but she's not the mother of God...I think she's a lovely lady, but there's no where in this book that says for me to go to her for her to talk to her son Jesus Christ."
